In addition to the general information mentioned at i to X above, the institution may highlight the following, if it so desired:

History of the Institution	In 1966, under the headship Prof. Banabehari Maity, the then Principal of Prabhat Kumar College, Contai started the Teachers Training Section under the affiliation of University of Calcutta with a student intake of 100 only. The nearby schools participated in the teacher's training section with their full heart. At that time, the course was named as B.T. (Bachelors' Training). Presently, a total of sixteen full time teachers have been appointed by the present Governing Body of the college for smooth conduct of the NCTE affiliated course with an intake of 100 students.
Vision Statement	Coupled with the Upanishadic utterance mentioned in the logo, the academic vision of the college is guided by the great saying of Swami Vivekananda – "Education is the manifestation of the perfection already in man." Our vision is to promote and spread that kind of education that not only offers knowledge, but also arranges for its cultivation and flowering in a natural yet orderly fashion, leading to the development of a society founded on love, mutual respect and humane understanding. And thus to reach a stage, envisaged by Gurudev, Where the mind is without fear and the head is held high Where knowledge is free Where the world has not been broken up into fragments By narrow domestic walls
Mission and Objectives	To uplift socially and economically backward students upon a strong foundation of secular, humanitarian world view, To cater to the craving for knowledge and to promote rational thinking, To contribute the cause of Gender equality through promoting higher education among women, To move towards becoming a centre of excellence in HigherEducation, To provide quality education to our students, To reach new peaks in teaching-learning, research and consultancy, To create an ambience of culture and consciously promote communal harmony and cultural integration, To impart value education coupled with scientific knowledge, & To create good future citizens for the country competence, commitment, conscience and compassion

Significant Achievements and Contributions in the field of Education, such as Awards/Recognition, Eminent Alumni etc.

Significant Achievements, if any	Even though the college exercises quite a number of healthy practices, we like to mention two of them, 'Performance Appraisal of Teachers' and 'Students' Feedback', which deserves special attention. In relation with the question of accountability to the needs of the students and the society the institution lays great stress on these two effective healthy practices. These practices help the authority to assess how free the institution proceeds to the achievement of the institutional objectives as well as to the quality improvement of the activities of the college also CPE status for 5 years
Contributions in the field of Education	The college is not only the oldest college in the district but it boasts also being a front-runner in its academic activities. The increasing number of university toppers in various departments and the placement thereof clearly underline the fecundity of the academic environment within the campus. It is maintained mainly through the dedication of the teachers, commitment of the supporting staff and the effective vigilance of the Governing Body. At a time when, in general, the campus of educational institutions of the state are increasingly experiencing the heat of political disturbance, the college authority ensures that ours remain a relatively less disturbed one. We try to cater to the needs of the students to the permissible limit. When passed out, all of them do not reflect the same academic proficiency, but most of them learn to face the challenges of the new age with greater grit and determination.
